EXPERIENCE

Fullstack Developer
International Institute of Information Technology Bangalore (IIITB) September 2022 – Present, Bangalore, India

· Responsible for developing and maintaining new screens and features for the mobile app using React Native and Typescript.
· Collaborated with other developers to implement new features in a way that is consistent with existing codebase conventions.
· Participated in design discussions regarding application architecture, feature implementation, or any other relevant topic as required.
· Responsible for bug fixing and resolving issues to enhance app stability and performance.
· Managed code merging for collaborative development.

Software Engineer
Scaleupally March 2022 – August 2022, Noida, India

· Responsible for creating efficient and responsive designs using ReactJS.
· Involved in designing web pages using HTML, CSS, Javascript, Bootstrap, Material-UI
· Experience in using Redux to manage the application state and applying middleware.
· Collaborated with the back-end team to integrate user-facing elements with server-side logic.
· Experience in developing REST API's using Nodejs and successfully integration with the front end.
· Experience in working with databases like MongoDB and its optimized CRUD operations
· Integrated the Stripe Payment gateway.

PROJECTS

MindNotes
EHRC IIIT-B · September 2022 – Present
· Successfully integrated new modules to expand app features using React Native.
· Implemented bug fixes and resolved issues to enhance app stability and performance.
· Integration of the RestAPIs with the front end.
· Successfully implementation of vernacular versions.
· Managed code merging for collaborative development.

Virtual Staff
ScaleupAlly · July 2022 – September 2022
· Successfully created a new module for a better user experience
· Developed the API's using Node, Express and MongoDB
· Successfully integrated the API's with the front end and also integrated the Stripe payment gateway

Autism
ScaleupAlly · April 2022 – July 2022
· Successfully developed RestAPI's using Nodejs and Express
· Used MongoDB as the database
· Integrated Stripe Payment Gateway

Macro-Codex
ScaleupAlly · March 2022 – April 2022
· Developed the User Interface for better user experience
· Integration of the Highcharts library and customization according to the client's needs
· Successfully integrated the backend API and used the Redux toolkit for data management

EDUCATION

Bachelor of Technology
Minor in Computer Science · Lovely Professional University · Jalandhar, Punjab · 2020 · 6.9

CERTIFICATIONS

Web Development Bootcamp
Udemy · 2021
· Certified in MERN Stack

Data Structures and Algorithms
Udemy · 2021
· Certified in data structures and algorithms

SKILLS

Programming Languages: C, C++, Java, Javascript

Frontend: HTML, CSS, ReactJs, ReactNative

Backend: Nodejs, RestAPI, Mongodb

Data structures, Bootstrap, Material UI, Tailwind CSS
